ABOUT US

Our company was operating as a marketing company in Şekerpınar in 2008 and started manufacturing under the brand name SARI in 2009. We have been continuing our activities since 2012 by expanding our machine and mold park in Düzce 1st Organized Industrial Zone, with a 5000 m² closed and 8000 m² open area. Our goal is to be the first choice of our customers with our product range, reliability after service and high business ethics, and to be a company that creates added value for our employees and customers. In addition to our productions, we also provide services to our customers with the production of spacers, chamfer profiles and various plugs as well as insulation dowels. Our company, which prioritizes quality, also has TSE, ISO and ITU test reports.

PLASTIC SPACERS
